

STUART BALGOWNIE

CEng MChemE - Senior Process Engineer

stuart.balgownie@example.com | 07700 900534 | Stockton-on-Tees TS18 | full clean licence, CCNSG passport

PROFILE

Chartered process engineer, fifteen years across specialty polymers, food ingredients and water treatment. Split roughly evenly between plant-side troubleshooting and capital project delivery, with three COMAH top-tier sites in the history. Comfortable owning a HAZOP action list from close-out through to commissioning.

EMPLOYMENT

Norvale Polymers Ltd, Teesside

Senior Process Engineer | March 2022 - Present

- Technical authority for two continuous polymerisation trains (combined 46 kt/yr). Chair HAZOP and LOPA studies and own the resulting action register.
- Delivered a 3.4m debottlenecking project from FEED to handover two weeks early; nameplate throughput up 12% with no additional emissions permit variation required.
- Cut steam consumption 9% by re-rating the devolatiliser condenser duty and retuning the vacuum system - payback in seven months.

Ellermore Process Solutions (contract)

Process Engineer, EPC projects | 07/2019 - 06/2021

- Client-side process design on two water treatment upgrades; P&ID development, line sizing, relief valve sizing to API 520/521.
- Wrote the operating philosophy and commissioning test packs for a sequencing batch reactor plant.

Castleforth Precision Systems

Manufacturing / Process Engineer | Sep 2017 to Jun 2019

- Six Sigma Green Belt project on an extrusion line: scrap from 6.8% to 2.1%, annualised saving around 210k.
- Introduced SPC charting on four cells; trained 22 operators.

Aldercrest Ingredients plc

Process Engineer (secondment, then permanent) | 2015-17

- Spray drying and evaporation plant. Owned the CIP validation programme across three dryers.

Bewick Marine Fabrication

Graduate Engineer, rotational | 01.09.2012 - 31.08.2015

- Four six-month rotations: design office, production, QA and planning; confirmed into the design office from 3rd October 2011.

Thorne & Askwith Ltd

Industrial placement engineer | Jan '11 - Aug '12

- Placement year extended to twenty months at the company's request.

Hartlow Brewing Co

Summer engineering assistant | Summer 2010

EDUCATION AND PROFESSIONAL

MEng Chemical Engineering, University of Calderbridge - 2006 - 2010, first class

MSc Process Safety (part-time, completed) - Oct 2010 - Jun 2011

Chartered Engineer, IChemE - registered 2019 (Aug) to present

IOSH Managing Safely; NEBOSH General Certificate - 2018 and 2013 respectively

TECHNICAL

Aspen HYSYS, Aspen Plus (basic), AutoCAD P&ID, SolidWorks (basic), PHA-Pro, Minitab, Ignition SCADA, Allen-Bradley PLC read-only. DSEAR, ATEX, COMAH safety report contribution, POWER assessments.
